Nairobi, KEN |
+254 748 478 320 | kristinakework@gmail.com

Results-driven accounting specialist with extensive experience in billing, collections, and QuickBooks Online bookkeeping. Skilled in managing full-cycle AR processes, reconciling complex accounts, and supporting global teams across time zones. A strategic thinker with exceptional organizational skills and a passion for accuracy, compliance, and continuous improvement.

EXPERIENCE

QBO ACCOUNTANT (AR, AP)

VOM | Monsey, New York (Remote)

JAN 2025 – SEP 2025

- Hired on a **short-term contract** to assist with clearing **backlogged client accounts** and streamlining bookkeeping processes.
- Manage end-to-end **Accounts Receivable and Accounts Payable** processes, including invoicing, collections, payment posting, and vendor reconciliations using **QuickBooks Online (QBO)**.
- Conduct detailed **bank and credit card reconciliations**, ensuring all transactions are accurately recorded and classified in compliance with accounting standards.
- Collaborate with cross-functional teams and clients to resolve discrepancies, verify account balances, and maintain clean, audit-ready financial records.
- Prepare and update **aging reports**, track outstanding invoices, and assist with month-end closing activities to support financial reporting.
- Streamline workflows by implementing efficient digital systems and maintaining clear communication with stakeholders across multiple time zones.
- Maintain strict **confidentiality and data integrity**, handling all client and company information with professionalism and accuracy.

AR SPECIALIST

MEDBILL LLC | Plum, Pennsylvania (Remote)

2024-2025

- **Full Spectrum Billing:** Handle all aspects of billing, from initial claim submission to complex denial resolution.
- **Complex Claim Resolution:** Address intricate accounts, including follow-ups, appeals, and credit balance adjustments.
- **Proactive Claim Follow-Up:** Pursue outstanding balances, investigate claim denials, and resolve issues by analysing medical records, coding, and payer contracts.
- **Strategic Appeal Management:** Craft persuasive appeal letters, advocate for claim reversals, and ensure compliance with billing and regulatory guidelines.
- **Efficient Claim Processing:** Review daily clearinghouse rejections, identify trends, and take corrective action to prevent recurring issues.
- **Meticulous Record-Keeping:** Maintain accurate and detailed patient financial records, documenting all account activity and correspondence.
- **Collaborative Problem-Solving:** Work closely with healthcare providers to obtain necessary documentation and ensure timely claim processing and reimbursement.
- **Diverse Payer Expertise:** Handle claims across multiple payer types, including Commercial, Medicare, Medicaid,

Managed Care, Blue Cross, and private insurers.

- **Strategic Account Management:** Prioritize aged accounts, coordinate denial and appeal projects, and consistently achieve key performance indicators (KPIs).
 - **Effective Communication:** Foster strong relationships with insurance companies, patients, and healthcare providers to resolve billing issues and ensure accurate claim submissions.
-

ACC. JUNIOR

MULTIVERSE CPA FIRM | | Nairobi, Kenya

2022-2023

- **Accounting Management:** Oversee all accounting transactions and ensure financial data accuracy across daily operations.
 - **Financial Reporting:** Prepare, review, and post timely financial statements, ensuring compliance with accounting standards.
 - **Closings:** Manage daily, weekly, and monthly closing processes to maintain accurate financial records.
 - **Petty Cash Management:** Administer petty cash transactions and maintain detailed supporting documentation.
 - **Account Reconciliation:** Reconcile accounts payable and receivable to ensure balance accuracy and up-to-date ledgers.
 - **Bank Payments:** Ensure timely processing of bank payments and verify supporting payment documentation.
 - **Tax Compliance:** Compute and file tax returns accurately and on schedule, adhering to local regulations.
 - **Statutory Filings:** Handle statutory deductions and submissions for compliance with legal and financial requirements.
 - **Audit Support:** Review and audit daily financial transactions, including receipts and invoices, to ensure accuracy and completeness.
 - **Stock Reconciliation:** Perform stock-to-system reconciliations to verify inventory integrity and financial accuracy.
-

ACC. ASSISTANT

NEXUS INDUSTRIES | | Nairobi, Kenya

2019-2020

- **Stock Management:** Update daily stock levels based on previous day invoices to ensure accurate inventory tracking.
 - **Banking & Deposits:** Handle daily bank deposits, record cheques, and update transactions in the **Tally** accounting system.
 - **Electronic Tax Register (ETR) Processing:** Generate and process daily ETR receipts to maintain accurate tax records.
 - **Invoicing & Documentation:** Create invoices, delivery notes, and credit notes as needed to support sales and logistics operations.
 - **Stock Verification:** Participate in periodic stock counts and verification to reconcile physical and system records.
 - **Payroll Administration:** Assist in payroll preparation, ensuring accuracy in salaries, deductions, and statutory contributions.
 - **Aging Analysis:** Conduct regular aging analysis to track outstanding receivables and identify overdue accounts.
 - **Account Reconciliation:** Collaborate with the sales team to reconcile client accounts weekly and perform necessary credit checks.
 - **Statutory Compliance:** Update and maintain employee NHIF and NSSF records in compliance with local labor regulations.
-

INVENTORY AND STOCK CONTROL

KARTASI INDUSTRIES | | Nairobi, Kenya

2019

- **Raw Material Reconciliation:** Ensure physical stock levels in the raw materials department align with system records, making necessary adjustments to maintain accuracy.
- **Semi-Finished Goods Monitoring:** Verify that semi-finished goods stock corresponds with system quantities and correct discrepancies promptly.
- **Finished Goods Verification:** Compare physical stock of finished goods against system records, reconciling any differences to ensure inventory integrity.
- **Bin Card Accuracy:** Conduct random checks across departments to confirm that physical stock matches bin card records and internal documentation.
- **Warehouse & Accounts Coordination:** Reconcile warehousing inventory data with the accounts department to ensure consistent and reliable reporting across systems.

ACCOUNTS ASSISTANT

2018-2019

- **Financial Record Management:** Worked with spreadsheets, sales and purchase ledgers, and journals to maintain accurate financial records.
- **Petty Cash Handling:** Managed and reconciled petty cash transactions, ensuring proper documentation and accountability.
- **Credit Control:** Monitored client credit, issued statements, and followed up on outstanding debts to maintain healthy cash flow.
- **Account Reconciliation:** Reconciled finance accounts, direct debits, and banking transactions to ensure ledger accuracy.
- **Expanded Responsibilities:** Took on additional accounting and administrative tasks, including posting bank transactions and supporting office operations.
- **Team Leadership:** Successfully led a team during the company's annual stock take, achieving accurate and timely results.
- **Cross-Department Collaboration:** Assisted with manufacturing accounts and warehousing processes, leveraging comprehensive knowledge of operations for smooth coordination.

ACCOUNTS INTERN

2017

- **Administrative Support:** Assisted with research, filing, data entry, and maintained accurate and complete financial records.
- **Financial Documentation:** Prepared essential financial reports, including credit notes, delivery notes, invoices, and other supporting documents.
- **Accounting Software Proficiency:** Utilized **Sage** and **Pastel** accounting systems to record, update, and verify financial data.
- **Confidentiality & Integrity:** Managed sensitive financial and client information with professionalism, honesty, and discretion.
